

Pre-conference workshop - Becoming a Professional Advisor with Sandra Woodhead Lyons, PHEc and Kathleen Johnston, PHEc

Each Candidate member in AHEA requires a professional member to be her/his Professional Advisor. This workshop will start with a discussion on what Candidate membership entails, and why it is important to have an appropriate Professional Advisor. We will then discuss the qualifications for being a Professional Advisor and the role of a Professional Advisor (what the responsibilities of a Professional Advisor are; how a Professional Advisor and Candidate may work together; what the differences are between a mentor and a Professional Advisor).
